

Multi-Unit Complex

Residents living in a multi unit dwelling (units, villa's, townhouses etc) will need to contact their managing body (Body Corporate, Strata Manager or Department of Housing Officer) to organise a cleanup for their complex.

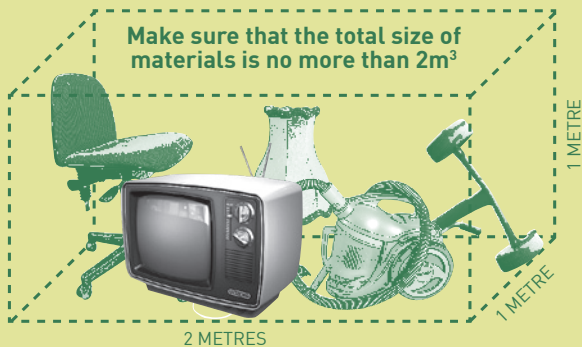

Once the cleanup has been confirmed by Council, the managing body will need to notify the residents of the collection date.

If there are eight units or less in your complex, you can book as an individual household.

Cleanup materials must be

- ✓ Booked in for collection at least two working days before your next garbage day.
- ✓ Placed out no earlier than the day before the collection day and no later than 6am on the morning of the booked collection.
- ✓ Tied, wrapped or boxed.
- ✓ Placed between the gutter and footpath in front of your premises.
- ✓ Able to be handled by two people.
- ✓ Placed neatly to ensure the contractor can safely access and handle your items.
- ✓ Placed so they won't fall on the roadway or footpath.
