DISCLOSURES OF INTERESTS

Councillor Martin declared a non-financial, non-significant conflict of interest in Items 2, 3, 4 and 7 insofar as she works at the Department of Planning and Infrastructure and these matters will be referred to the Department.

Councillor Martin also declared a non-financial, non-significant conflict of interest in Item 15 (matter relating to Port Kembla Copper) due to her friendship with the General Manager of Port Kembla Copper.

Councillor Blicavs declared a non-pecuniary, non-significant conflict of interest in Item 13 as her children attend Cedars Christian College.

Councillor Connor declared a non-significant, non-pecuniary interest in Item 13 as he was the Principal at Cedars College between 1981 and 1988.

Councillor Takacs declared a non-significant, non-pecuniary interest in Item 9 as he is a Member of a Board and organisation which leases premises from the Lake Illawarra Authority.

PETITION – STOP THE CLOSURE OF ROCK POOLS IN WOLLONGONG LOCAL GOVERNMENT AREA

Councillor Takacs tabled a petition from 1,419 citizens relating to the possible closure of rock pools in the Wollongong Local Government Area.

252 COUNCIL’S RESOLUTION - RESOLVED UNANIMOUSLY on the motion of Councillor Takacs seconded Councillor Martin that the petition be received.

CONFIRMATION OF MINUTES OF ORDINARY MEETING OF COUNCIL HELD ON MONDAY, 25 NOVEMBER 2013

253 COUNCIL’S RESOLUTION - RESOLVED UNANIMOUSLY on the motion of Councillor Brown seconded Councillor Crasnich that the Minutes of the Ordinary Meeting of Council held on Monday, 25 November 2013 (a copy having been circulated to Councillors) be taken as read and confirmed.
PUBLIC ACCESS FORUM – FINANCIAL SUSTAINABILITY REVIEW

Mr S Spencer, on behalf of ‘Save our Services Wollongong’, raised concerns with the process to this point. Council appeared to be preparing to consult for two months in relation to three of four options, with pre-determined outcomes, whereas the community wanted general consultation to occur, together with a fully independent assessment.

‘Save Our Services Wollongong’ felt that the process Council has adopted for the financial sustainability review consultation was deeply flawed. In conclusion, Mr Spencer said that the community wanted to see thorough and transparent service reviews, before being asked to ‘pay more for less’.

Mr P Goodchild, on behalf of the Coalcliff Community Association raised concerns in relation to the following three cost savings proposed by Council for Coalcliff –

- A ‘manage to fail’ approach to the tidal rock pool;
- A reduction in Lifeguard services on Coalcliff Beach; and,
- Closure and demolition of the Community Hall.

Mr Goodchild said that the area was heavily promoted for tourism and there will be additional tourists as a consequence of the Grand Pacific Walk. The valuable assets of the rock pool, the community hall and lifeguard services were essential to this unique area. In conclusion, he advised that the community had demonstrated strong support to maintain these assets, both through Council feedback processes and through all forms of media.

PUBLIC ACCESS FORUM – FARMBOROUGH HEIGHTS TO MT KEMBLA STRATEGIC PLANNING STUDY AND PLANNING PROPOSAL – MT OUSLEY ROAD, MT KEIRA

Mr D Laing from Cardno advised that with respect to the Planning Study for Farmborough Heights to Mt Kembla, the journey had started over 25 years ago. It was a novel approach at the time in that it was not a traditional constraint mapping exercise, but an approach to see how you could use options from limited development to enable conservation management to occur. Mr Laing advised that conservation was incredibly expensive - in the millions of dollars for active regeneration. He asked that Council support the Concept Plan so that detailed planning can go forward.
With respect to the Planning Proposal for Lots 54 and 61 DP 751031 Mt Ousley Road, Mt Keira, Mr Laing said that in 1993, the family who owned this land sought to transfer 21 hectares to the parks system. The family was also seeking two additional dwelling houses and this met the standards of the day. Now, some 25 years later, the matter is before Council for adoption. In conclusion, Mr Laing said that a good deal had been struck for planning common sense, with all costs relating to the proposal, to be borne by the applicant.

**PUBLIC ACCESS FORUM – ESTUARY MANAGEMENT COMMITTEE FOR LAKE ILLAWARRA**

Mr C Wilton, speaking on behalf of the Save Lake Illawarra Action Group, advised that the Group was in favour of the general content of the report except for the make-up of the committee. The group believes that the community members should not have any commercial interest in Lake Illawarra.

Mr Wilton also advised that the group considered that the Committee should have two community members from each local government area, and not one. The reasons for this were –

- To provide a better balance of representation of the community;
- The best people for the job may live in the one local government area and hence, one would not be selected;
- From the history of the Lake Illawarra Authority, it shows that both Councillors and community members had difficulty attending all scheduled meetings due to work or for personal reasons;
- If for personal reasons a community member wishes to resign it would take some time to select a replacement as opposed to a Councillor or government employee.

**PUBLIC ACCESS FORUM – BICENTENARY COMMITTEE**

Dr R Robinson said that Wollongong acknowledges the arrival of Dr Charles Throsby in 1815 as a City birth date. Post 1815, a tragic divergence of values occurred culturally and environmentally, with the Aboriginal people suffering greatly. However, in the recent decades there has been a significant convergence of values as we embrace multiculturalism and acknowledge the respect the Aboriginal has always had for the environment.
Dr Robinson said that “Convergence of Values” was a relatively new and exciting innovation on how to approach the future. The Illawarra Aboriginal Local Land Council has accepted the positive and creative aspect of this theme in the local publication ‘Wollongong Bicentenary 2015: 1815 Diverging Values – 2015 Converging Values – A Different Historical Perspective’. Dr Robinson felt that investing thought, considerations and resources into this theme during the Bicentenary is expected to resonate among the many who are consciously aware that a future pathway requires not just ‘policies’, but affirmative actions. Dr Robinson asked Council to consider various changes to the report, as well as the following change to Part 3 of the report’s recommendation -

- Deletion of the words ‘bicentenary of European settlement in Wollongong’ and include the words ‘..sponsor community-based events which include appropriate recognition of the multicultural and environmental convergence of values between the Traditional Owners of the land and the settler as a lead theme’.

PUBLIC ACCESS FORUM – DEMOLITION OF THE COPPER STACK

On behalf of concerned residents, Ms J Renshaw said that tonight, Councillors will be asked to accept the minutes of the Wollongong Traffic Committee held on 18 and 20 November 2013 and in this respect, she asked that Councillors vote against the acceptance of the Traffic Management Plan for the demolition of the Port Kembla Copper Stack. She advised that the resubmitted plan was still flawed in several ways and the maps were unclear and wrong, with the printing being illegible. Key buildings were misplaced with the Preschool which sits across the road from the stack shown between Marne and Quarry Streets. The chimney to be felled is not shown on the map, and the scale was wrong.

There are still questions to be answered about the qualifications of the contractors and engineers engaged in the demolition. Referring to the Coroner’s Report about the Royal Canberra Hospital implosion in 1997, Ms Renshaw said that if there is a discrepancy about qualifications, she asked how can an educated decision be made about this Traffic Management Plan tonight. In conclusion, Ms Renshaw said that the dangers of dust-borne diseases was a major concern especially crystalline silica. Council has a duty of care to make every effort to protect the people of Port Kembla from the short and long term impact of the stack demolition.
COUNCIL’S RESOLUTION - RESOLVED UNANIMOUSLY on the motion of Councillor Brown seconded Councillor Connor that all speakers be thanked for their presentation and invited to table their notes.

ITEM A - LORD MAYORAL MINUTE - ACKNOWLEDGMENT OF DOUG PROSSER AND LES DION (SENIOR)

COUNCIL’S RESOLUTION – RESOLVED UNANIMOUSLY on the motion of Councillor Bradbery seconded Councillor Dorahy that -

1 Wollongong City Council formally recognise the outstanding community spirit and service given to our region by these exceptional citizens –

Doug Prosser, for his service to the community through the Lake Illawarra Authority and,

Les Dion (Senior), for his service to the community through Dion’s Bus Service for 90 years.

2 Council write to Doug Prosser and Les Dion (Senior) and convey the above sentiments.

CALL OF THE AGENDA

COUNCIL’S RESOLUTION – RESOLVED UNANIMOUSLY on the motion of Councillor Brown seconded Councillor Kershaw that the staff recommendations for Items 6, and 11 to 14 inclusive, be adopted as a block.
ITEM 1 - SECURING OUR FUTURE - FINANCIAL SUSTAINABILITY REVIEW

A PROCEDURAL MOTION was moved by Councillor Crasnich seconded Councillor Martin that an extension of time be granted to Councillor Dorahy to address the meeting in relation to Item 1. An additional five minutes was granted.

COUNCIL’S RESOLUTION – RESOLVED on the motion of Councillor Colacino seconded Councillor Brown that -

1. The report be received and noted.

2. The approach that a combination of operational efficiencies, service adjustments and increased revenue must be part of the solution toward achieving financial sustainability, and therefore is an essential component to the Securing our Future Review, be endorsed.

3. The Draft Resourcing Strategy 2012-22 (revised 1 December 2013) and Draft Delivery Program 2012-17 (revised 1 December 2013) be placed on public exhibition from 11 December 2013 to 5 February 2014, and Council undertake community engagement during this period on the proposed efficiency targets, service changes and special rate variation options contained within the report.

4. Council endorse notification to the Independent Pricing and Regulatory Tribunal of its intent to apply for a Special Rate Variation by 13 December 2013.

5. Attachment 3 of the report – Citizen’s Panel Report, and Attachment 4 – Securing our Future Community Engagement Report, be received and noted and the input provided by the community into this phase of the Financial Sustainability Review be acknowledged.

In favour: Councillors Kershaw, Connor, Brown, Martin, Takacs, Merrin, Blicavs, Dorahy, Colacino, Crasnich, Curran and Bradbery

Against: Councillor Petty

ITEM 2 - FARMBOROUGH HEIGHTS TO MT KEMBLA STRATEGIC PLANNING STUDY

**COUNCIL’S RESOLUTION** – RESOLVED UNANIMOUSLY on the motion of Councillor Blicavs seconded Councillor Colacino that -

1. The revised Concept Plan for Farmborough Heights to Mt Kembla and updated escarpment boundary line be endorsed as a guide to future development potential in the area (Attachment 11 of the report);

2. The Planning Principles contained in Attachment 12 of the report for development in the vicinity of the Illawarra Escarpment, be endorsed to accompany the Farmborough Heights to Mt Kembla Concept Plan, reflecting the need to preserve the integrity of the Illawarra Escarpment;

3. The revised Concept Plan and accompanying Planning Principles for Farmborough Heights to Mt Kembla Strategic Planning Study and copies of submissions received be referred to the NSW Department of Planning and Infrastructure, seeking the Department’s endorsement of the Plan to guide future rezoning proposals in the area;

4. Individual Planning Proposals will be required to be prepared by each land owner in response to the Farmborough Heights to Mt Kembla Concept Plan and related Planning Principles, detailing how any rezoning on that property will lead to an overall conservation improvement for the escarpment or foothills; and,

5. A report be prepared that canvasses options for Council to advance rezoning of areas within the study area (following the Department of Planning’s consideration of the Concept Plan) recommended to be given an E2 Environmental Protection zoning.

**Variation**

The variation moved by Councillor Brown (the addition of Part 5) was accepted by the mover and seconder.
