

## WHAT IS A COMMUNITY STRATEGIC PLAN?

The Community Strategic Plan is a ten year plan that will identify the community's main priorities and aspirations for the Wollongong Local Government Area as well as strategies for achieving these goals.

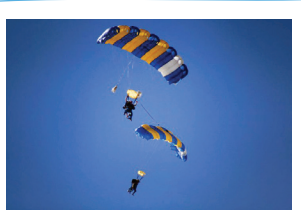

Following consultation with the community, Council will develop the Community Strategic Plan which will go on public exhibition early in 2012. The community will be invited to provide feedback on the plan before it is adopted by Council.

## COMMUNITY SUMMIT

In October Council will host a two day workshop with community members to complete the vision of where we want to be in 10 years time and develop strategies to make sure we get there. We are inviting interested community members to submit an expression of interest if they wish to take part.

Across the two days participants will learn more about the work of Council, how Council spends your money and work together to develop a vision that reflects the aspirations of our community.

To be involved please go to Council's website and fill in the Expression of Interest form at [www.wollongong.nsw.gov.au](http://www.wollongong.nsw.gov.au)

On the second planning day we will be holding a fun, interactive session for all members of the community to be involved in. Please come along and help us build our city's future together.

## WOLLONGONG 2022: COMMUNITY STRATEGIC PLAN

Council is inviting the community to work with us to develop a vision for our city. Wollongong 2022: Community Strategic Plan will set out the community's vision and guide the work of Council for the next 10 years.

Council has already begun talking and listening to the community through its recent *Draw, Write, Snap, Share* promotion.
