Dear Mr Farmer

Wollongong Local Environmental Plan 2009

I refer to the above draft Local Environmental Plan and Council's request for a certificate to enable its exhibition.

I am pleased to advise that I have endorsed the draft plan for exhibition. Your Council is to be commended on the time and resources it has put into this process.

Please find attached the s65 Certificate to enable the exhibition of the draft plan.

Parliamentary Counsel has provided preliminary comments on the maps and these are attached. These amendments do not have to be made before exhibition of the draft plan, but will need to be made prior to the making of the plan.

If you have any questions in relation to the certification please contact Neil McGaffin, Regional Director of the Southern Region on 42249455.

Yours sincerely

Attachment: Parliamentary Counsel preliminary comments on maps

Map corrections needed:

- maps need to be saved out and named individually, not nested with multiple pages per map
- pdf name should be the same name as the map id number with a pdf extension at the end
- maps should not have overlays
- Wollongong City Centre map has no streets marked, no tile number to show where it is located on the LGA
- Wollongong City Centre Sun Plane Protection needs a tile number
- Wollongong City Centre Key Sites needs a tile number
- Obstacle Limitation Surface Plan needs a tile number
- Australian Noise Exposure Forecast needs a tile number
- Wollongong Innovation Campus needs a tile number
- Environmentally Sensitive Land uses a different set of tiles - all need to be same (13 cover the area rather than 28)
- Illawarra Escarpment maps use a different set of tiles (6 instead of 28)
